

Appendix 12

Post-Intervention CASP-R Domain Review

This document records a structured review of the original CASP-R assessment findings in light of the intervention. Complete all four domains. Attach to the Post-Intervention Report (Appendix 13).

Caregiver i	Original CASP-R assessment date	Final session date	Review date

DOMAIN 1 – INTERNAL CAPACITY

Original CASP-R finding (summarise the identified needs)	Progress observed during intervention	Remaining concerns

Overall assessment for Domain 1:

DOMAIN 2 – INSIGHT OF HARM

Original CASP-R finding	Progress observed during intervention	Remaining concerns

Overall assessment for Domain 2:

DOMAIN 3 – PARENTING CAPACITY

Original CASP-R finding	Progress observed during intervention	Remaining concerns

Overall assessment for Domain 3:

DOMAIN 3 – PARENTING CAPACITY

Original CASP-R finding	Progress observed during intervention	Remaining concerns

Overall assessment for Domain 4:

OVERALL ASSESSMENT – SUMMARY

Provide an overall professional judgment on the caregiver's protective capacity at the end of the intervention compared to the original CASP-R assessment. Address: the direction of change in each domain; any domains where change has not occurred; any risks that remain or have emerged; and your professional view on the current ability of the caregiver to supervise the POC/Y-POC and protect children at risk.
