

Appendix 13

Post-Intervention Report Template

This template is for use by the practitioner at the end of the CASP-R intervention. It provides a structured summary for courts, case conferences, commissioning bodies or other relevant recipients. Complete all sections. Attach relevant worksheets where agreed.

A. IDENTIFYING INFORMATION

Field	Detail

B. REFERRAL CONTEXT AND PRESENTING CONCERNS

Briefly summarise the CASP-R assessment findings that led to this intervention, including identified domains of need.

C. INTERVENTION CONTENT – SESSIONS AND WORKSHEETS USED

Session	Domain	Topic / content	Date	Worksheets completed

D. CAREGIVER ENGAGEMENT AND WORKING RELATIONSHIP

Comment on: attendance; punctuality; motivation; engagement with content; relationship quality; any significant barriers to engagement (practical, psychological, cultural, cognitive).

E. PROGRESS AND OUTCOMES BY DOMAIN

For each domain worked on, record: the area of need identified; the targets set; what the caregiver has achieved; and any remaining concerns.

Domain	Area of need	Targets set	Progress made	Remaining concerns

Rows: Domain 1 Internal Capacity · Domain 2 Insight of Harm · Domain 3 Parenting Capacity · Domain 4 Coping Capacity.

F. PROTECTIVE CAPACITY SCALE SCORES

Domain	Start score	Midpoint score	End score	Direction of change

G. ANALYSIS AND CLINICAL / PROFESSIONAL OPINION

Provide an evidence-based analysis of the caregiver's protective capacity at the end of the intervention. Address: (i) changes in the caregiver's capacity to recognise and respond to risk; (ii) the caregiver's insight into the POC/Y-POC; (iii) the quality of the caregiver-child relationship; (iv) remaining vulnerabilities; and (v) your professional view on the current level of risk and protective capacity.

H. SAFETY PLAN – CURRENT STATUS

Summarise the caregiver’s current safety plan and comment on its robustness. Is it realistic, specific, and understood by the caregiver?

I. RECOMMENDATIONS

Set out any recommended next steps, including continued CASP-R intervention work; referrals to other services; statutory actions; review timescales; or no further action.

J. DECLARATION

Practitioner signature	Date	Organisation stamp (if applicable)

This report has been prepared in accordance with the CASP-R Intervention Framework. The views expressed are the professional opinion of the practitioner and are based on direct engagement with the caregiver over the course of the intervention. This document is confidential and should be disclosed only to those with a legitimate professional need to receive it.
